PCN Pharmacist Technician working full time and part time

This is a fantastic opportunity for Pharmacist Technicians to join a friendly and active team of prescribing and non-prescribing Pharmacists across our innovative and forward thinking PCN.

You will work in supportive Practices which recognise the importance of teamwork, CPD and mentoring and will be involved in supporting the delivery of repeat prescribing, medicines optimisation, clinical audits and much more!

Ideally you will already have or be working towards your Level 3 NVQ Diploma in Pharmacy Service Skills and be registered with the GPhC.

If you would like to discuss this further and / or arrange an informal visit please contact:
